

Page 1/11

Revision: April 1, 2024

SECTION 1: Identification of the substance/mixture and of the company/ undertaking

· 1.1 Product identifier

· Trade name: Super Lube® Syncopen® Synthetic Penetrant

· Article number: No other identifiers

- **1.2 Relevant identified uses of the substance or mixture and uses advised against** No further relevant information available.
- Application of the substance / the mixture Penetrating oil Lubricant

· 1.3 Details of the supplier of the Safety Data Sheet

Manufacturer/Supplier: Kano Laboratories LLC 24 DaVinci Dr., P.O. Box 405 Bohemia, NY 11716 Telephone: 631-567-5300 Email: info@super-lube.com

1.4 Emergency telephone number:

ChemTel

1-800-255-3924 (US/Canada), 1-813-248-0585 (International), 1-300-954-583 (Australia), 0-800-591-6042 (Brazil), 400-120-0751 (China), 000-800-100-4086 (India), 800-099-0731 (Mexico)

SECTION 2: Hazards identification

· 2.1 Classification of the substance or mixture

· Classification according to Regulation (EU) No 2015/830

Classifications listed also are applicable to the OSHA GHS Hazard Communication Standard (29CFR1910.1200).

health hazard

Asp. Tox. 1 H304 May be fatal if swallowed and enters airways.

· Information concerning particular hazards for human and environment:

The product has to be labelled due to the calculation procedure of the "General Classification guideline for preparations of the EU" in the latest valid version.

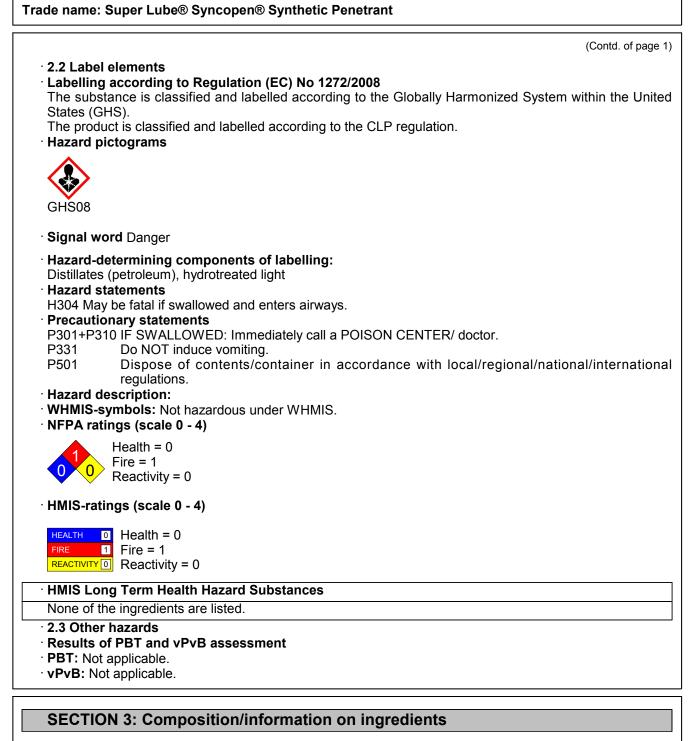

· Classification system:

The classification is according to the latest editions of the EU-lists, and extended by company and literature data.

The classification is in accordance with the latest editions of international substances lists, and is supplemented by information from technical literature and by information provided by the company.

(Contd. on page 2)

Revision: April 1, 2024

· 3.2 Mixtures

· Description: Mixture of substances listed below with nonhazardous additions.

(Contd. on page 3)

Revision: April 1, 2024

Trade name: Super Lube® Syncopen® Synthetic Penetrant

Dangerous components:		(Contd. of pag
CAS: 64742-47-8	Distillates (petroleum), hydrotreated light	>50
EINECS: 265-149-8		
Index number: 649-422-00-2	🚯 Asp. Tox. 1, H304	
	e identity and exact percentages are being withheld as risk phrases refer to section 16.	s a trade secret.
SECTION 4: First aid	neasures	
4.1 Description of first aid	measures	
General information:		
Take affected persons out ir		
Immediately remove any clo	hing soiled by the product.	
After inhalation:		
Supply fresh air.		
Seek immediate medical ad		
	affected person has difficulty breathing.	
In case of unconsciousness	place patient stably in side position for transportation.	
After skin contact:		
	r and soap and rinse thoroughly.	
If skin irritation is experience		
After eye contact:		
Remove contact lenses if we	ırn.	
	al minutes under running water. If symptoms persist, c	onsult a doctor.
After swallowing:		
Rinse out mouth and then d		
Do not induce vomiting; call	for medical help immediately.	
A person vomiting while layi	ng on their back should be turned onto their side.

(Contd. of page 3)

Trade name: Super Lube® Syncopen® Synthetic Penetrant

Later observation for pneumonia and pulmonary oedema.

SECTION 5: Firefighting measures

5.1 Extinguishing media
Suitable extinguishing agents: Extinguishing powder. Do not use water. Carbon dioxide Foam
For safety reasons unsuitable extinguishing agents: Water
5.2 Special hazards arising from the substance or mixture Formation of toxic gases is possible during heating or in case of fire.
5.3 Advice for firefighters
Protective equipment: Wear self-contained respiratory protective device. Wear fully protective suit.
Additional information Eliminate all ignition sources if safe to do so.

SECTION 6: Accidental release measures

· 6.1 Personal precautions, protective equipment and emergency procedures Use respiratory protective device against the effects of fumes/dust/aerosol. Remove persons from danger area. Particular danger of slipping on leaked/spilled product. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Keep away from ignition sources. 6.2 Environmental precautions: Do not allow product to reach sewage system or any water course. Inform respective authorities in case of seepage into water course or sewage system. 6.3 Methods and material for containment and cleaning up: Absorb with non-combustible liquid-binding material (sand, diatomite, acid binders, universal binders). Pick up mechanically. Send for recovery or disposal in suitable receptacles. Dispose contaminated material as waste according to item 13. 6.4 Reference to other sections See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

SECTION 7: Handling and storage

· 7.1 Precautions for safe handling

Keep away from heat and direct sunlight. Avoid splashes or spray in enclosed areas. Prevent formation of aerosols.

(Contd. on page 5)

Revision: April 1, 2024

Trade name: Super Lube® Syncopen® Synthetic Penetrant
(Contd. of page 4) Use only in well ventilated areas. • Information about fire - and explosion protection: Protect from heat.
 7.2 Conditions for safe storage, including any incompatibilities Storage: Requirements to be met by storerooms and receptacles: Provide ventilation for receptacles. Avoid storage near extreme heat, ignition sources or open flame. Information about storage in one common storage facility: Do not store together with oxidising and acidic materials.
 Further information about storage conditions:
Store in cool, dry conditions in well sealed receptacles. Keep container tightly sealed. • 7.3 Specific end use(s) No further relevant information available.
SECTION 8: Exposure controls/personal protection
Additional information about design of technical facilities: No further data; see item 7. 8.1 Control parameters Ingredients with limit values that require monitoring at the workplace:
64742-47-8 Distillates (petroleum), hydrotreated light EL (Canada) Long-term value: 200 mg/m ³ Skin
 DNELs No further relevant information available. PNECs No further relevant information available. Additional information: The lists valid during the making were used as basis. 8.2 Exposure controls Personal protective equipment: General protective and hygienic measures:
The usual precautionary measures are to be adhered to when handling chemicals. Wash hands before breaks and at the end of work. Do not inhale gases / fumes / aerosols. Avoid close or long term contact with the skin. Avoid contact with the eyes.
 Respiratory protection: Not required under normal conditions of use. Use suitable respiratory protective device in case of insufficient ventilation. Use suitable respiratory protective device when aerosol or mist is formed. For spills, respiratory protection may be advisable. Protection of hands:
Protective gloves

SECTION 11: Toxicological information

· 11.1 Information on toxicological effects

• Acute toxicity:

· LD/LC50 values relevant for classification:

64742-47-8 Distillates (petroleum), hydrotreated light

Oral LD50 > 5000 mg/kg (rat)

- Primary irritant effect:
- on the skin: No irritant effect.
- on the eye: Slight irritant effect on eyes.
- · Additional toxicological information:

At long or repeated contact with skin it may cause dermatitis due to the degreasing effect of the solvent. The product shows the following dangers according to the calculation method of the General EU Classification Guidelines for Preparations as issued in the latest version:

Acute effects (acute toxicity, irritation and corrosivity):

May be fatal if swallowed and enters airways.

- May be harmful if swallowed.
- **Repeated dose toxicity:**

Repeated exposure may cause skin dryness or cracking.

SECTION 12: Ecological information

· 12.1 Toxicity

- · Aquatic toxicity: No further relevant information available.
- 12.2 Persistence and degradability No further relevant information available.
- 12.3 Bioaccumulative potential No further relevant information available.
- 12.4 Mobility in soil No further relevant information available.
- Ecotoxical effects:
- · Remark:

Due to mechanical actions of the product (e.g. agglutinations) damages may occur.

The product is oxygen-consuming. The declared action may be partly caused by lack of oxygen.

Additional ecological information:

· General notes:

This statement was deduced from the properties of the single components.

Water hazard class 1 (German Regulation) (Self-assessment): slightly hazardous for water

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

12.5 Results of PBT and vPvB assessment

- · PBT: Not applicable.
- · vPvB: Not applicable.

· 12.6 Other adverse effects No further relevant information available.

(Contd. on page 9)

Revision: April 1, 2024

Trade name: Super Lube® Syncopen® Synthetic Penetrant

(Contd. of page 8)

SECTION 13: Disposal considerations

· 13.1 Waste treatment methods

· Recommendation

Must not be disposed together with household garbage. Do not allow product to reach sewage system. Contact waste processors for recycling information.

Product is recyclable as a waste oil. Deliver unused and/or contaminated product to waste oil collectors. Can be burned with household garbage after consulting with the waste disposal facility operator and the pertinent authorities and adhering to the necessary technical regulations.

· Uncleaned packaging:

• Recommendation: Disposal must be made according to official regulations.

SECTION 14: Transport information	
· 14.1 UN-Number	
DOT, ADR, ADN, IMDG, IATA	Not Regulated
14.2 UN proper shipping name	-
· DOT, ADR, ADN, IMDG, IATA	Not Regulated
 14.3 Transport hazard class(es) 	
· DOT, ADR, ADN, IMDG, IATA	
Class	Not Regulated
· 14.4 Packing group	
· DOT, ADR, IMDG, IATA	Not Regulated
• 14.5 Environmental hazards:	
· Marine pollutant:	No
• 14.6 Special precautions for user	Not applicable.
 14.7 Transport in bulk according to Annex 	c II of
MARPOL73/78 and the IBC Code	Not applicable.
· UN "Model Regulation":	-

SECTION 15: Regulatory information
